

SPECIALIST ENRICHMENT ACTIVITIES

EACH WEEK WE WILL SHARE SPECIALS ACTIVITIES FOR YOU TO COMPLETE AT HOME

Activities for the week of April 27- May 1

WEEKLY ART ENRICHMENT

Advertisements

What are advertisements? Advertisements are created by artists with the purpose of promoting a certain product or company. For example, we see Chick-fil-A commercials on TV all the time, with the purpose of persuading us to go and buy their delicious chicken biscuits! For this week, I would like you to create your own advertisement. This could be for a product that already exists, or you can make one up! The advertisement can either be created digitally (on a computer as one artwork, or a commercial), or you can use paper and pencil to draw your own. Be creative! You want the artwork to represent the product, while also grabbing the attention of the viewer!

WEEKLY PE ENRICHMENT

Rock Paper Scissors Challenge

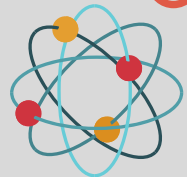

Hi Everyone,

Are you ready for a ROCK PAPER SCISSOR challenge?? Click the link below for more instructions. I hope everyone is doing well and getting at least 60 minutes of physical activity each day.

WEEKLY STEM ENRICHMENT

Create a Puzzle

This week's STEM challenge is to create your very own puzzle. To do so, you will need a camera, a printer, a pencil, and a pair of scissors. First, you will need to plan out the subject of your puzzle. This could be a scene from your favorite book, something you find interesting, such a flower or animal, or something of your own imagination. Once your scene is set up, take a picture and print it out. If you have access to a laminator, I suggest laminating your photo before this next step. On the back of your picture, use a pencil or a marker to draw out where your puzzle pieces will be. You can make them as small or large as you like. Then, cut them out and mix them up. Your puzzle is ready to be solved. Record a family member or yourself trying to rebuild your puzzle and post it to the FlipGrid!

WEEKLY LIBRARY ENRICHMENT

NoveList K-8 Plus

Looking for a just-right book and don't know what to choose? Let NoveList help you. NoveList will provide you with a book's reading level, review, and comparison to other books you already love to help you choose the perfect book to read next.

NoveList is available in Cobb Digital Library.

SPECIALIST ENRICHMENT ACTIVITIES

WEEKLY MUSIC ENRICHMENT

Quaver Games

Tigers, I thought you would enjoy playing some Quaver games this week. Go to: <https://www.quavermusic.com/>

Grades K-2-Go to Music Theory and play Beat Bounce.

Grades 3-5 -Go to Instruments and Knowledge and play Instrument Crane.

WEEKLY COUNSELING ENRICHMENT

Conflict Resolution

Conflict is a normal part of life even though it can be uncomfortable to experience. Because we are spending more time with our families, you might be feeling frustrated with your siblings. It is important to learn how to resolve conflicts in an effective way so that everyone involved feels heard and included. When you learn to solve conflicts fairly, you will enjoy better friendships and relationships. We have some tools and information to help you learn to deal with conflict.
